

Firmware Security Assessment Report

Report Information

Generated Time: 2026-06-21 09:26:06.257082
Tool: Automated Firmware Security Assessment

Executive Summary

Firmware Risk Score: 30/100
Risk Level: MEDIUM
Total Vulnerabilities: 1

Firmware Details

Name	vulnerable_component.txt
Size	69 bytes
MD5	ddb9e3d3ab1071ce2d1f5f9a605ed693
SHA256	170c267627b45162f4eeb2e04facf462c27665fa2e4e7ced6460b8b26a0246d3

Vulnerability Findings

Issue	Severity	Recommendation
Known Vulnerable Component	HIGH	Update vulnerable software components to patched versions.

Security Recommendation

Review all detected vulnerabilities, apply remediation steps, and validate firmware before production deployment.
